Umpires are needed to officiate softball games in San Francisco this coming 2012 season.

The Northern California Umpires' Association (NCUA) is offering our 21st annual ASA San Francisco Softball Umpire School, to be conducted on March 3-4, 2012 at the Park Community Station in San Francisco.

All persons interested in becoming softball officials will be required to attend classroom instruction and on the field mechanic drills. Persons who enjoy outdoors and are familiar with the game of softball are encouraged to attend. Umpires can earn approximately \$60.00 (3 game set) a night.

This school is also a great opportunity for all persons to understand the rules and mechanics of the game.
